REQUIREMENTS AND RECOMMENDATIONS FOR THE DESIGN OF ARTICLES REPORTS:

THE END OF THE RECEPTION OF SCIENTIFIC MATERIALS IS **FEBRUARY 15, 2023**.

UNTIL **MARCH 15 2023**, the scientific committee will determine the authors of articles to be included as speakers in the scientific program of the Congress.

- For **UNREGISTERED** participants: it is necessary to pass **REGISTRATION** on the Congress website, log in to your **PERSONAL ACCOUNT**, using the username and password you received during registration, and click on "*Download the scientific report article*".
- The content of the articles should correspond to the **scope of the Congress**.
- Materials must be designed in accordance with the requirements and submitted in Russian or English (translations made by means of an automatic online translator without appropriate editing are not accepted).
- The volume of the article is **up to 6 full A4 pages**, including the list of literature, tables and figures, the orientation of the sheet is "vertical".
- Text editor: **Microsoft Word** for Windows version 6.0 and higher.
- Page margins: top, bottom, right - 2.0 cm, left 3.0 cm.
- Font type: Times New Roman, font size – 14 pt.
- Line spacing – one and a **half**, width alignment. Without text wrapping.
- Paragraph indentation, the same throughout the text - 1.0 cm.
- When sending the article for the review, it is necessary to point out the UDC of the article in accordance with the tables found via link: <https://teacode.com/online/udc/>

The Scientific Committee reserves the right to reject articles that do not correspond to the thematic areas of the Congress, or the design requirements, or received by the Scientific committee later than **FEBRUARY 15, 2023**, as well as to the final editing of articles when they are published.

Notification of the authors on the status of the publication of the article in the Collection by **MARCH 15, 2023**, on the inclusion in the program of oral or poster reports of the Congress - no later than **APRIL 01, 2023**.

RECOMMENDED ARTICLE CONSTRUCTION SCHEME:

1. Number and name of the Congress section.
2. UDC.
3. The title of the article in Russian and English: font 14, Times New Roman, capital letters, bold, formatting - in the center of the page.
4. The authors' surnames and initials, title, academic degree in Russian and English: under the title, font 14, Times New Roman, formatting — in the center of the page.
5. Abbreviated official name of the organization in Russian and English: under the surnames and initials of the authors, font 14, Times New Roman, formatting — in the center of the page.
6. City and country in Russian and English (specify for each author): under the name of the organization, font 14, Times New Roman, formatting — in the center of the page.
7. A brief **summary** of the article in Russian and English (up to 500 characters with spaces).
8. Keywords (in Russian and English).
9. Entries 3-8 are to be written in English and Russian languages separately. Names of the authors must be transliterated.
10. A brief introduction.
11. Research methods (materials and methods).
12. Research results and their analysis.
13. Conclusion (conclusions).
14. The number of co-authors in one article is allowed no more than 4.
15. All bibliographic sources presented in the publication should be referenced in the text of the article: registration according to GOST 7.0.5-2008.
16. The bibliographic list in alphabetical order is placed at the end of the article: registration according to GOST R 7.0.100-2018.

*Footnotes in the text of the article are placed in square brackets directly in the text or at the end of the sentence, indicating first the number of the source according to

the list of references, then, separated by a comma, the page number, the dot at the end of the sentence is placed after square brackets, for example [1, p. 21].

Note:

a) drawings (graphs), placed in the text, must be black and white and presented as separate files.

Pictures, graphs and formulas must be available for modification.

Diagrams and graphs made in Excel are to be presented in Excel files.

Pictures made with special software should be saved in vector format and exported to "eps" format.

When saving in rastrated format it is necessary to ensure the high quality of the picture (non less than 300 dpi).

Mathematical formulas are to be made in formula redactors such as MathType or MS Word's built in redactor.

b) each article is designed as a separate file

You must specify **the purpose of the payment:**

- *XI International Congress "Sport, People and Health"*
- *payment of publication/registration fee*
- *Full name of the Congress participant*

To confirm the payment, we ask you to provide a copy of the payment document by e-mail: sporthealth.spb@gmail.com

*All commission fees are paid by the sender (payer).
